A magazine is not just a collection of writings, drawings, or activities, but a reflection of the young creative minds of our school. It provides a platform for students to express their ideas, imagination, and talents.

Through this edition of IAPS Virtual voice (E-Magazine) we aim to nurture creativity, encourage critical thinking, and celebrate the diversity of thoughts and skills among our students. Every activity, article, artwork, and write-up are steps towards developing confidence and shaping the personalities of our future leaders.

I sincerely appreciate the hard work of our students, the guidance of teachers, and the encouragement of our respected Principal, Dr. Rinika Roy whose continuous support has made this magazine possible.

I hope that this E-Magazine inspires all of us to think differently, learn more, and continue the journey of knowledge and creativity.

PRINCIPAL'S MESSAGE

Dear Parents,

Warm New Year greetings to you and your family. ❀

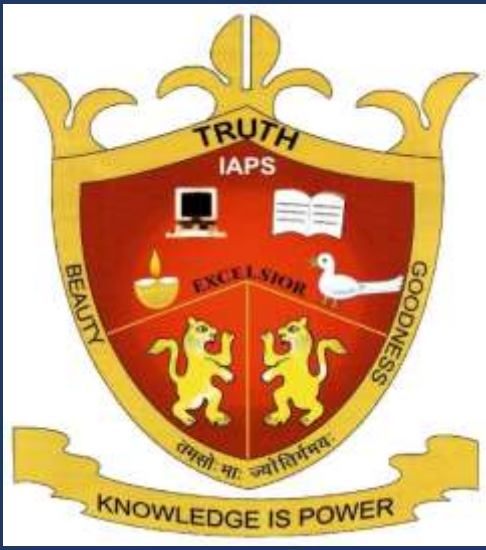

We are pleased to share our Annual School Magazine with you.

We sincerely thank you for the continuous trust, support, and cooperation you have extended to the school so far, and we look forward to your continued association in the years ahead.

We would also like to inform you that admissions for the coming academic session will begin with an Entrance Test from 15th January. We request you to kindly spread the word among your friends, relatives, and acquaintances who may be interested in enrolling their children in our school.

Thank you once again for being an integral part of our school family.

*Warm regards,
Dr. Rinika Roy
Principal*

इंडो-अमेरिकन पब्लिक स्कूल एक नजर.....

इंडो-अमेरिकन पब्लिक स्कूल ने इस वर्ष एक बार फिर अपनी उत्कृष्ट शैक्षणिक परंपरा को बरकरार रखते हुए दसवीं और बारहवीं कक्षा के परिणामों में शानदार प्रदर्शन किया है। विद्यालय का परिणाम इस बार भी अव्वल रहा है।

पिछले पाँच वर्षों से इंडो-अमेरिकन पब्लिक स्कूल का परिणाम लगातार सौ प्रतिशत रहा है, जो विद्यालय की गुणवत्तापूर्ण शिक्षा और शिक्षकों की कड़ी मेहनत का प्रतीक है। इस वर्ष का परिणाम विशेष रूप से गौरवपूर्ण है, क्योंकि छात्रों ने न केवल सभी विषयों में सफलता हासिल की है, बल्कि कई विषयों में 95: से अधिक अंक भी प्राप्त किए हैं।

विद्यालय के कुछ मेधावी छात्रों ने तो अपनी मेहनत और लगन से 100 में से 100 अंक प्राप्त कर न केवल स्कूल बल्कि अपने परिवार और शिक्षकों का भी मान बढ़ाया है। यह उपलब्धि छात्रों के कठिन परिश्रम, शिक्षकों के समर्पण और विद्यालय प्रबंधन की उत्कृष्ट शैक्षिक नीति का परिणाम है।

विद्यालय की प्राचार्या डॉ. रिनिका राय ने इस उपलब्धि पर सभी सफल विद्यार्थियों और उनके अभिभावकों को बधाई दी।

उन्होंने कहा, "यह सफलता हमारे संस्थापक डॉ. गणेश हरपावत के मार्गदर्शन में संभव हो पाई है। हमारे शिक्षकों

और छात्रों का कठिन परिश्रम तो रहा ही, लेकिन डॉ. हरपावत के प्रेरणादायक नेतृत्व और शिक्षा के प्रति उनके समर्पण ने हमें यह मुकाम हासिल करने में सहायता की है।

हम गर्व महसूस करते हैं कि हमारे छात्र हर साल उत्कृष्ट प्रदर्शन करते हुए विद्यालय का नाम रोशन कर रहे हैं।"

इस शानदार परिणाम ने न केवल स्कूल बल्कि पूरे क्षेत्र का मान बढ़ाया है। विद्यालय परिवार में इस उपलब्धि पर हर्ष और गर्व का माहौल है, और प्रबंधन ने भविष्य में भी इसी प्रकार की शैक्षिक सफलता की उम्मीद जताई है।

School Visit by Renowned Persons

"Inspiration Beyond Borders – A Heartfelt Visit by Dr. Naren Harpawat"
Indo-American School had the privilege of welcoming Dr. Naren Harpawat, a distinguished Cardiologist from New York and brother of our Founder Trustee, Dr. Ganesh Harpawat. His visit was truly special for the entire Indo-American family. Dr. Harpawat shared his thoughtful insights and inspiring experiences, reflecting a perfect blend of professionalism, humility, and compassion. Interacting with him was a delightful and enriching experience for everyone, leaving behind a message of dedication, knowledge, and global vision.

We were honoured and blessed by the visit of Dr. Sanjiv Harpavat, (Son of Dr. Ganesh Harpavat & Dr. Kiran Harpavat) a distinguished pediatric gastroenterologist and hepatologist from Texas Children's Hospital and Associate Professor at Baylor College of Medicine. An MD-PhD graduate of Harvard Medical School and a recipient of prestigious awards from the NIH, AASLD Foundation, and American Liver Foundation, his visit greatly enriched our school's academic environment and inspired our students.

Dr Rajshri Gandhi Appointed
Committee Member

UDAIPUR, 8 JAN

UDAIPUR, 8 JAN

Dr. Rajshree Gandhi has been appointed as a member of the Internal Complaints Committee constituted under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, for the Indian Postal Department, Udaipur Division. The appointment has been made with the objective of strengthening institutional mechanisms to ensure a safe, respectful, and dignified working environment for women employees across postal offices in the division. As part of her responsibilities, Dr. Gadgil will serve on the Internal Complaints Committee for multiple key units, including the Divisional Office of the Udaipur Postal Department, the Udaipur Head Post Office, Shastri Circle Post Office, and Hiran Magri Post Office. Her role will involve assisting the committee in addressing complaints related to workplace sexual harassment, ensuring that cases are handled with sensitivity, confidentiality, and in strict compliance with legal provisions.

Dr. Gandhi's inclusion in the committee is expected to enhance its effectiveness through her experience, insight, and understanding of social and legal issues related to women's rights. The move is also seen as a step towards building greater awareness among employees about their rights and responsibilities, encouraging reporting of grievances, and ensuring timely and fair resolution of complaints. Overall, the appointment reflects the department's proactive approach towards creating a system of interaction among management

The school was privileged to receive Dr. Rajshri Gandhi, motivational speaker,, President of the consumer Protection Organization, whose visit significantly enriched the academic environment. She expressed her appreciation for the school's well-developed infrastructure and innovative teaching methodologies, commending the institution's commitment to academic excellence.

Her visit concluded on a highly positive note, reinforcing the vital connection between education and society. The interaction proved motivating for the entire school community and inspired continued dedication towards excellence in education.

Career Counselling Session

*16 Universities, In One Campus—
Endless Career Possibilities*

Our school organised an insightful Career Guidance & Counseling session for the students on 13th November, in which 16 reputed universities from across India — North, South, East, and West participated

This session helped students to explore various academic and professional pathways for their future. The session was conducted by experienced counsellors of sixteen universities who provided valuable information about emerging career trends, educational opportunities and the skills required in today's competitive world.

Various career options in Science, Commerce, Arts, Humanities, Vocational fields, and modern digital industries were discussed in detail.

AI & Stem Robotics Lab and Models

We strongly believe that education should prepare students not just for examinations, but for life and the future. Keeping this vision in mind, our school has taken a progressive step by integrating Artificial Intelligence (AI) and Robotics into our learning environment.

Through our well-structured AI and Robotics programs, students are introduced to these skills in an age-appropriate, engaging, and hands-on manner.

Our students learn by doing—they design models, build robotic structures, explore basic coding concepts, and understand how technology works in real life. This practical exposure not only enhances academic understanding but also boosts confidence, curiosity, teamwork, and innovation among students.

Trekking Camp

Indo American Public school organised an exciting and enriching **Trekking Camp** for students with the aim of building confidence, resilience, teamwork, and a spirit of adventure. The programme provided students with a refreshing break from the classroom and encouraged them to explore nature while learning valuable life skills.

The day began with a brief orientation where instructors guided students on trekking etiquette, safety measures, hydration, and environmental responsibility. After warm-up exercises, students started their journey along the scenic trail filled with greenery, fresh air, and beautiful landscapes.

Throughout the trek, students enthusiastically participated in various activities such as nature observation, group challenges, motivational tasks, and eco-awareness discussions. Teachers and trained instructors ensured proper guidance and safety at every point. Students enjoyed the thrill of navigating natural paths, overcoming obstacles, and supporting one another.

Scout & Guide

In the month of July, certificates and badges were distributed to 14 Scouts and Guides who successfully passed the Third Level Training and Testing Camp conducted during the academic session 2024-25.

In the new academic session 2025-26, 6 Guides and 7 Scouts participated in the State-Level Governor Award Training Camp held in August. Through this camp, they gained valuable knowledge and understanding of various Scout and Guide skills. Further, in the month of November, they participated in the State Award Testing Camp organized at the Training Centre, Udaynivas, where they showcased their talents and brought pride to the school.

In December, 14 Scouts and Guides received training in the Second and Third Level Training Camps, further enhancing their skills and discipline.

NCC

*In session 2025-26 the **NCC unit** of our school demonstrated exceptional discipline, leadership, and dedication. Our cadets participated enthusiastically in various camps and activities, bringing pride and recognition to the institution.*

GANDHI JAYANTI

On October 2, we celebrate Gandhi Jayanti in India to honour Mahatma Gandhi, the Father of the Nation. On October 2 1869, Mohandas Karamchand Gandhi (later called Mahatma Gandhi) was born in Porbandar, Gujarat. Gandhi ji believed in truth, peace and non-violence. His birthday reminds us to live simply, speak kindly and respect everyone. Gandhi ji showed that even without weapons, people can bring great change through courage and honesty. His life teaches us that small steps with truth can lead to big victories.

Why Gandhi ji is Important:

- He taught us the power of truth and non-violence.
- He led India's freedom struggle with peace, not war.
- He inspired the world to believe in justice and kindness.

What to do on Gandhi Jayanti:

- Cleanliness Drive – Pick up litter around your home or school to follow Gandhi ji's dream of a clean India.
- Simple Living – Try using fewer things for a day, just like Gandhi ji lived simply.

Activity: Do one peaceful act every day this week—like helping a friend, forgiving someone or speaking gently instead of arguing. See how peace spreads around you, just as Gandhi ji dreamed.

Do You Know?

October 2 is also celebrated around the world as the International Day of Non-Violence to share Gandhi ji's message of peace and kindness with all nations.

MAGIC OF AI: THE TALKING MAGIC MIRROR!

Have you heard the fairy tale where the queen asks her mirror, "Mirror, mirror on the wall..."? Guess what—scientists are now making real mirrors that can talk back! These are called AI Smart Mirrors.

What Is a Smart Mirror?

A smart mirror looks like the one in your house, but inside it has Artificial Intelligence (AI). That means it can 'see' you, 'listen' to you and even 'talk' to you. It's like having a friendly robot hiding in your mirror.

Amazing Things It Can Do

- **Morning Reminder** – "Don't forget to brush your teeth!"
- **Style Helper** – "Try a ponytail today, it looks nice!"
- **Confidence Booster** – "You look awesome, superstar!"
- **Health Coach** – "Stand straight! Good posture makes you strong."

Why It's Amazing

Smart mirrors can turn boring mornings into exciting ones. They make you smile before school, help you get ready faster and even remind you to stay healthy.

The Future

In the future, smart mirrors might:

- Show your timetable right on the glass.
- Teach you yoga poses step by step.
- Even give you quick homework tips before class.

Think and Imagine

If you had a talking magic mirror, what would you ask it first—

"Am I ready for school?"

"Do I look like a superhero?"

Or... "Can you help me with my science project?"

Remember: Technology can feel magical, but we should always use it wisely and positively.

GREEN TIPS

Care for Our Planet

Use Sunlight Wisely
Open your curtains in the daytime. Use natural light instead of bulbs.

Plant a Friend

Plant a small tree or care for a pot at home or school. Trees give us clean air.

Ride, Walk or Share

Ride a bicycle, walk short distances or share a ride. It keeps the air clean.

Say No to Plastic

Carry a cloth bag when shopping. Avoid plastic bags and bottles.

Waste Less Food

Take only what you can eat. Share extra food instead of throwing it away.

Remember: Every small step you take makes Earth smile!

HEALTH CORNER: SHINE BRIGHT WITH CLEAN TEETH!

Your smile is your superpower! To keep it strong and shiny, you need to take care of your teeth every single day.

Easy Habits for Healthy Teeth

- Brush your teeth twice a day—once in the morning and once before bed.
- Don't eat too many sweets, chocolates or fizzy drinks.
- After every meal, rinse your mouth with clean water.
- Use a soft toothbrush and gentle strokes.

Eat for a Sparkling Smile

- Crunchy fruits and veggies like apples and carrots clean your teeth naturally.
- Milk and cheese help make your teeth strong.

Remember: A clean smile is the best smile—it makes you healthy, happy and confident!

PICTURE STORY

Save Water

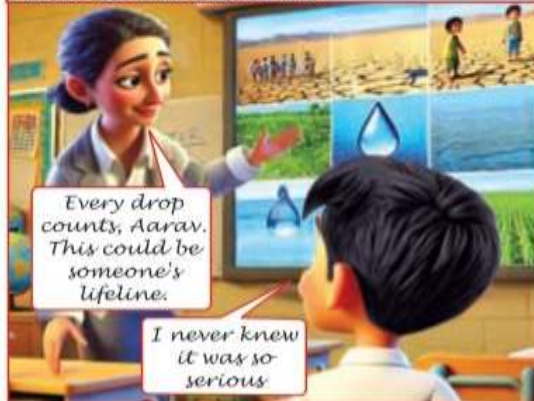

Aarav pours out water from his bottle onto the ground.

The class teacher overhears and calls Aarav over after class.

The teacher shows a video about water shortages in nearby towns.

Aarav fills his water bottle the next day and carefully drinks all of it.

Aarav notices his classmates wasting water by playing and throwing it at each other.

Aarav starts a poster campaign at school.

Students help reduce water wastage in school by reusing leftover water for plants.

Aarav looks at the green plants in the school.

Moral: Save water! Use every drop wisely to protect our future and nature.

LIFE LESSONS FROM LEGENDS

Sardar Vallabhbhai Patel – The Iron Man of India

Sardar Vallabhbhai Patel was a great leader of India's freedom struggle. He was born in Gujarat and became a lawyer. Later, he joined Mahatma Gandhi and worked for India's independence. People admired his courage and called him the Iron Man of India.

What Did He Do?

- **United India** – After independence, he helped join more than 500 princely states into one strong nation.
- **Leader of the People** – He worked for farmers and common people.
- **Strong and Fair** – He believed in honesty, courage and unity.

What Can We Learn from Him?

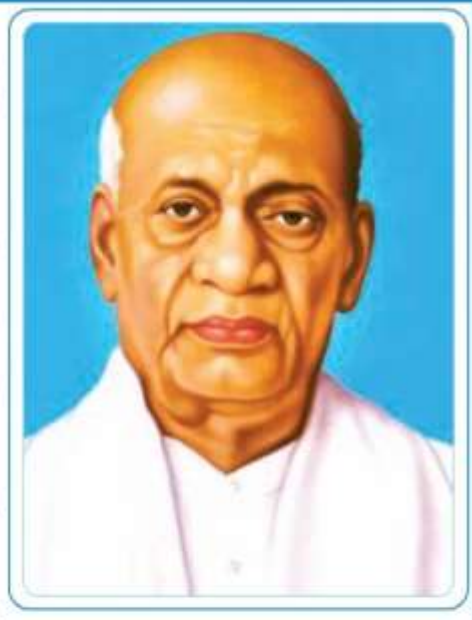

Unity makes us strong. Stand together, be fair and always work for the good of the country.

Fun Activity

Draw the Statue of Unity, the tallest statue in the world, built in his memory in Gujarat.

Fun Fact

The Statue of Unity is 182 metres tall — taller than the Statue of Liberty in the USA!

BREAKING NEWS: HIMANSHI TOKAS MAKES INDIA PROUD!

Himanshi Tokas, a 20-year-old girl from India, has become the **World No.1 junior judo player in the 63 kg group**. She is the **first Indian ever to get this title!**

Himanshi worked very hard, moved up three places in the list, and now has 610 points. That means she is the best in the world in her group.

But wait—there's more! Another Indian, **Shahin Rajakbhai Darjada**, is now **ranked 4th in the 57 kg group**. For the first time ever, two Indians are in the world's top five!

What is Judo?

- Judo is a sport from Japan.
- Players use smart moves to throw or hold their opponent.
- It teaches strength, respect and discipline.

Why This News Matters

- Himanshi is the first Indian girl to be World No.1 in judo.
- This shows that Indian players can be the best in the world.
- It inspires us to dream big and work hard.

Fun Corner

If you were a judo player, what would your special move be called?

Which sport do you dream of playing for India?

AMAZING INVENTION

The Book That Cleans Water!

Can you imagine a book that not only has stories but also gives clean drinking water? Scientists have made a special '**Drinkable Book**' that does just that!

The pages of this book are not like normal paper. They are **made with a special material that kills germs**. To use it, people tear out one page, put it in a filter, pour dirty water through it — and clean water comes out.

Why Kids Love It:

- A book that saves lives as well as teaches
- Helps villages where clean water is hard to find
- Shows how science can solve real problems

Did You Know?

One book can clean enough water for a person for up to four years!

Think and Imagine

What if your school bottle could refill itself with clean water? Or your shoes could collect rainwater and make it safe to drink? Draw your own magical invention that helps people — and give it a fun name!

REAL LIFE CONNECT

Meera's Dance Show: Fall... and Rise!

Meera was so excited. She had practised her dance for weeks—every spin, every step, every jump. Her shiny costume glittered under the stage lights, and the music began.

Everything was going perfectly until... thud! Meera slipped and fell right in the middle of the stage. For a second, she felt her face turn red. The audience went silent.

But instead of giving up, Meera took a deep breath, stood tall and flashed a big smile. She picked up the beat again—this time dancing with even more energy and joy. Her teammates followed her lead and soon the whole stage was alive with movement.

When the music ended, the hall burst into loud applause. Everyone was cheering! Her teacher walked up and said with pride, "Meera, today you showed us that real stars shine even after they fall."

Meera Inspires Us:

Falling down isn't the end—it's the chance to rise higher and shine brighter.

Your Turn!

Have you ever had a moment that went wrong, but you turned it into something amazing? Write it down or draw it!

MAGIC OF ROBOTICS

Paro – The Caring Seal Robot

Have you ever seen a robot that looks like a baby seal? In Japan, scientists made one called **Paro**. It is soft, furry and very sweet!

A Robot Like a Pet

Paro looks like a baby seal. It has big shiny eyes, soft white fur and makes cute little sounds. When you touch it, Paro moves its head and flippers. It feels like a real pet!

How Does Paro Help?

- Paro is used in **hospitals and old-age homes**.
- It makes people feel calm and happy.
- It gives company to those who feel lonely.
- Doctors use Paro to **cheer up children** who are afraid.

Why Is Paro Special?

Most robots do heavy work. But Paro gives love and comfort. It is soft and gentle—like a toy that can also be a friend.

The Future of Pet Robots

One day, many homes and hospitals may have pet robots like Paro. They could make grandparents smile, keep children company and spread joy.

Think and Imagine: If Paro was your pet, what would you want it to do? Snuggle with you? Sing a soft song? Or play with you after school?

Robots Corner Thought: Robots can be more than machines. Some, like Paro, can be kind and caring friends.

UNESCO SPOTLIGHT

Two amazing places in Andhra Pradesh — the **Red Sand Dunes (Erra Matti Dibbalu)** near Visakhapatnam and the **Tirumala Hills in Tirupati** — have been added to **UNESCO's Tentative List of World Heritage Sites**. This is the first step before they can become World Heritage Sites and get global protection.

The Red Sand Dunes

- Spread across a huge area near the sea.
- The sand is bright red because it changed colour over thousands of years.
- These dunes are very rare — there are only three such places in the whole world!
- They tell scientists about how the Earth's climate and sea levels changed long ago.

The Tirumala Hills

- Home to the famous Tirumala temple and the Natural Rock Arch (Silathoranam).
- The rocks here are over 2 billion years old — older than dinosaurs!
- Part of a forest reserve full of waterfalls, rare trees like red sanders, and endangered animals.

Why It Matters

Now that these places are on UNESCO's Tentative List, India will work harder to protect them. This will also let the whole world know about their beauty and importance.

Think and Imagine:

If you could make one place in India a World Heritage Site, which would you choose and why?

OVERCOMING Challenges

MINAKSHI HOODA – THE BOXING CHAMPION

Minakshi Hooda grew up in Haryana. **Her father drives an auto-rickshaw** and when she started boxing, her family could not even buy gloves. She **had to borrow gloves** from others just to practice. But Minakshi never gave up.

She worked hard every single day—running, training and punching. In 2025, all her hard work paid off. Minakshi won a **gold medal at the World Boxing Championships in Liverpool**. She showed the world that even without fancy gear, courage and practice can make you a true champion.

Why Minakshi is Special:

- She worked hard even when life was difficult.
- She showed that money or equipment cannot stop dreams.
- She proved that courage and practice can beat all odds.

Fun Activity: Power Pose Circle. Stand in a circle with your friends. Each person makes their best 'power pose' like a champion—hands up, big smile, chest out. After each pose, everyone claps and cheers loudly. This game reminds us that strength and confidence live inside all of us.

Lesson to Learn: Champions are not born with strength—they build it step by step, with hard work, courage and never giving up.

Animal Corner

Red Panda – The Little Tree Climber

Have you heard of the red panda? Even though it has 'panda' in its name, it is not a panda at all! **Red pandas live in the cool Himalayan forests of India, Nepal and Bhutan.** They are small, furry animals with long, bushy tails and love climbing trees.

What Makes the Red Panda Amazing?

- It spends most of its life on trees, moving quickly and carefully.
- Its long, striped tail helps it balance while climbing.
- Its favourite food is bamboo, just like the giant panda.
- Red pandas sleep during the day and are active at night.

Did You Know?

Because of their reddish fur, red pandas are sometimes called 'fire foxes.'

Fun Activity

Imagine your own 'fantasy panda.' What colour would its fur be? What special food would it eat? Draw it and write two lines about it!
